

CannaNatural

CannaCrush

CannaCrush Immunity Supporter

CannaBalm

DESCRIPTION

Our original product is a high-quality joint formula that contains 2 mg of USDA Certified Organic PCR hemp oil per piece and is made with premium ingredients green-lipped mussels and salmon oil. Ideal for movement and joint concerns.

The same high-quality joint formula as CannaNatural, works well as a food topper. Best for movement concerns in cats and small dogs.

This formula combines our original CannaCrush with USDA Certified Organic full-flower turkey tail mushroom to enhance the immune response in pets

Our topical formula nourishes and protects the skin, while providing all the benefits of an oral application. Can be used for achy muscles, uncomfortable joints, cuts, rashes and hotspots.

DOSAGE

Use one piece per 20 lbs. of pet weight. Each piece contains 2 mg PCR hemp oil and 400 mg green lipped mussel.

Use 1/2 teaspoon per 10 lbs. of pet weight.

Use 1/2 teaspoon per 10 lbs. of pet weight.

For wounds, hotspots, cuts, scrapes or rashes apply directly to affected areas as needed. For movement concerns, rub into the inside of legs, shave hair if applying to long-haired animal. Can also be applied on the inside of ear for allergy concerns.
