HEALTHY HEMP PET COMPANY RELEASES NEW PET SUPPLEMENT
CannaCrush, Immune Supporter™ with Turkey Tail Mushroom

Salt Lake City, UT: [Healthy Hemp Pet Company](http://HealthyHempPetCompany.com), an industry leader in all-natural pet products has launched a new health product for animals. CannaCrush Immune Supporter™ combines three premium ingredients for health: USDA Certified Organic PCR hemp oil, USDA Certified Organic turkey tail mushroom, and New Zealand green-lipped mussels. These ingredients, when combined, may help pets with a variety of immunity issues including cancer and other health conditions such as movement and joint concerns.

“CannaCrush Immune Supporter is the culmination of all our health products to date. It combines our most beneficial ingredients into one single pet product,” said Dave Merrell, CEO of Healthy Hemp Pet Company. “We want to inform animal owners of more holistic ways to help treat their pets, who may be experiencing a myriad of health issues. This is the only product of its kind in the marketplace today and we are confident it’s a breakthrough in holistic pet-care.”

To date, reported benefits are:

- Turkey tail mushroom has been shown to modulate the immune system, important for fighting diseases such as cancer, infections, and other illnesses.
- A stronger immune system can help combat deadly cancer cells, making turkey tail mushroom a potent cancer-fighting ingredient.
- PCR-hemp oil may help with occasional stiffness.
- PCR-hemp oil may help with movement ease.
- Green-lipped mussels has been shown beneficial in treating degenerative joint disease in animals.
- Green-lipped mussels may help to support healthy joint function, reduce joint tenderness, stiffness and improve pain.

CannaCrush Immune Supporter™ contains 160 mg PCR-hemp oil, 32000 mg turkey tail mushroom concentrate, and 32000 mg green-lipped mussels per tin. The product is available now and can be purchased online at www.healthyhemppet.com/cannacrushimmunesupporter or in select pet retail shops.
